STRIKE IS OVER

The Miners Were Successful in Their Demands at Central City.

HAVE RETURNED TO WORK

King Humbert's Assassin is a Raving Maniac From Treatment of Jailers.

CASES CONTINUED AT FRANKFORT

Central City, Ky., April 24.—The 200 miners employed by the Central Coal and Iron company returned to work today, their contention having been won.

The strike was purely local, and did not affect but one of the seven mines. The strike was caused by the refusal of the company to discharge four men who refused to pay assessments to keep up the Hopkins county strikers. The 200 other miners claimed that the four miners, by their refusal, proved themselves "scabs."

ASSASSIN IS CRAZY.

Rome, April 24.—Bresci, the assassin of King Humbert, is said to be a raving maniac from the horrible tortures of his jailers.

CASE CONTINUED.

Frankfort, April 24.—All the suits of minor state officials under Gov. W. S. Taylor against Auditor Coulter for salaries except that of S. R. Hemphill, Powers' secretary.

In this case the court held no cause of action, indicating that all will be quashed.

GHOLSON WINS.

The county committee convened this afternoon at the county court house at 9 o'clock to consider Squire H. C. Hartley's contest against Mr. F. P. Gholson, for magistrate in the Seventh district. Mr. Gholson on the face of the returns, won by three votes.

The committee decided in Mr. Gholson's favor.

DESPONDENT YOUNG WIFE.

MRS. W. F. HARRIS TOOK MORPHINE WITH SUICIDAL INTENT.

Mrs. W. F. Harris, aged 17, attempted suicide yesterday afternoon by taking a dose of morphine about 5 o'clock at the home of her mother, 1025 South Fifth street.

Dr. Troutman, after hard work, got her out of danger. She was formerly a Miss Stephens, and married Mr. Harris, who is 55 years old and a blacksmith, only a few months ago.

Recently he left her and had the furniture seized and carted away from the house in which they resided, on Norton street near Fifth. She returned to her mother, and says she has tried to induce her husband to return and live with her but he refuses, and there is no further happiness for her in this life.

KILLED HERSELF.

RHODA GREER GRIEVES OVER THE WAYWARDNESS OF HER

Children and Takes Poison—The Doctors Were Not Called in Time to Save Her Life.

Rhoda Greer, a colored woman living at 828 Court street, took about 15 cents worth of morphine last night and died from the effects shortly afterwards. She had been having trouble about her children lately and took this method of relieving herself. This is the only thing that the rash deed can be attributed to. Her daughter, Lucinda Greer, fainted soon after and for a time was very ill and it was reported that she too had attempted suicide, but it was a mistake. Dr. Robertson and Sights were summoned to the bedside of the woman, but were not called soon enough, and although they worked very hard, nothing could be done to save her life.

One of the woman's sons, John Greer, is serving a sentence in jail for assault, and another son, Robert Greer was yesterday held over to the grand jury for housebreaking.

A man living at the house saw her with the morphine, and attempted to get it away from her, but snatched only a portion of it.

He is crippled and when he finally succeeded in calling in a doctor she was past medical aid and lived only a short time.

The deceased was 45 years old and leaves several children. The time for the funeral has not been fixed.

Coroner Phelps held an inquest at 10 o'clock this morning and the verdict was that the woman died from morphine poisoning taken with suicidal intent.

WOMAN HELD.

CHARGED WITH MALICIOUS CUTTING IN THE POLICE COURT.

A knife and a guitar are the instruments that played an active part in a fight between Ella King and Sarah Anderson, colored, on Fifth street near the Palmer House alley late yesterday afternoon.

The women fought over the alleged attentions paid the King woman's husband by the other. The King woman was injured slightly with the guitar and the other woman cut on the shoulder. The Anderson woman was acquitted and the other held in the sum of \$150 for malicious cutting.

Dioxy Dixon, colored, for using obscene language on the street, was fined \$1 and costs.

Joe Mayhew, for a plain drunk, was fined \$1 and costs.

Jeff Walker, colored, charged with obstructing the gutter at Second and Jefferson streets, was let off with the costs. He cleans yards and has not been very particular where he placed the trash taken from them. He will likely be in the future, however.

VISITING PARTY

Prominent Men From South Bend, Ind., en Route up Tennessee River.

GO TO JOPPA, ILL., BY RAIL

They Embark on the Lulu E. Warren and Will Probably Stop in Paducah.

BE ENTERTAINED AT WAVERLY

A party of distinguished South Bend, Ind., business men will pass Paducah tomorrow en route up Tennessee river on the Lulu E. Warren, which they will board at Joppla, Ill. They left South Bend Monday, and will arrive at Joppla over the C. and E. I. railroad.

At Joppla the gentlemen will become guests of the Tennessee River Transportation company, the main office of which is in South Bend, and which has extensive lumber interests in Tennessee and, although less than a year old, is doing a large business in telegraph poles, railway ties, fence posts and general lumber. Its officers, leading South Bend men, are D. McHenry, president; J. H. Matthews, vice president; C. W. Stover, secretary; Charles H. Millhouse, treasurer and general manager.

The steamer Warren will leave here today to meet the party at Joppla, and start for Pittsburg Landing, on the Tennessee river. The party received many invitations to visit other places, but were enabled to accept only the hospitality of the people of Waverly, Tenn., who have elaborate preparations for their reception and entertainment when they arrive Friday.

They leave the boat at Johnsonville and proceed to Waverly by rail.

A committee of five prominent Waverly citizens will meet the visitors at Johnsonville. Supper will be served in Waverly. A banquet will follow in the evening and the drive will be enjoyed Friday morning. At Johnsonville, the party in charge of Mr. Matthews, will be turned over to A. R. Justice, a prominent merchant and landowner of Waverly. During the trip an opportunity will be offered the company's guests to inspect some of its large lumber property. The South Bend contingent will probably return home Sunday.

The party is in general charge of Mr. McHenry and Mr. Millhouse, and is made up of C. W. Stover, general manager of the American Malt Cream and Drug company and secretary of the Tennessee River Transportation company; Judge Walter A. Funk, Myron Campbell, cashier of the South Bend National bank; Louis Pfeiffer, proprietor of the Windsor hotel; A. McDonald, city editor of the Times; Fred A. Miller, of the Tribune; D. McHenry, Dr. S. L. Kilmer, Charles L. Millhouse, county auditor John M. Brown, all of South Bend; David Meyers, a Santa Fe railway official; William Hood, a board of trade man; J. B. Taylor, a dry goods merchant, of Chicago; Dr. F. W. Madison, of Peoria, Ill.; George C. Chambers, passenger agent of the Santa Fe railroad, of St. Louis, Mo.; John McHenry, agent of the Tennessee River Transportation company at Paducah, Ky.; C. H. Kirchner, an attorney, of Kansas City, Mo.

The party will probably stop at Paducah for a short time and look over the city.

Captain Austin Owen, of the city, will go up on the boat with them.

SERIOUS ACCIDENT TO THE LITTLE DAUGHTER OF ENGINEER RICKSTRAW.

The five-year-old daughter of Engineer Rickstrow, of the Alden Knitting mill, met with a serious accident last evening at the family residence, on South Eleventh street. She fell down with an iron poker in her mouth and it stuck through her palate up into her head, and badly injured her.

Dr. Lillard Sanders was called and dressed the injuries.

SEWERAGE PERMITS.

THEY ARE BEING CALLED FOR RATHER SLOWLY.

Sewerage Inspector Geo. A. Gardner has issued eleven plumbing and four yard sewer permits this month. The work of relaying the sewer from Ogilvie's new building to the main sewer on Court street was finished yesterday. It had to be laid over owing to an error, and the extra cost, \$60, will be paid by Engineer Wilcox.

FLAGMAN KILLED

Hugh Lucas, of the Illinois Central, Found Dead in a Pond Near Grafton Tank.

THREE SHOTS WERE HEARD

Dead Man Lived at Wingo, Ky.—Supposed to Have Been Killed by Tramps.

NO CLUE TO THE MURDERERS

News of a dastardly assassination reached the city at noon today.

Hugh Lucas, an Illinois Central flagman, of Wingo, Ky., was found murdered down near Grafton tank, not far from Bardwell.

According to reports Lucas was out flagging his train last night and three pistol shots were heard.

A short time afterward he was missed, and a search instituted for him.

His body was found in a pond at the side of the railroad track. It is supposed he was murdered and his body thrown there by tramps.

Lucas was quite well known here, especially among the railroad men.

A delegation from the Brotherhood of Railway Trainmen left this afternoon to take charge of the remains and take them to Wingo.

The deceased was a son of Mr. Edward Lucas, of Wingo, and was about 26 years old.

He was not a relative of Mr. Ed Lucas, of this county.

He had a freight run to Mound, Ill.

TROUBLE IS OVER

General Salas and Officers Surrender to the U. S. Troops at Manila.

ARMY WILL FOLLOW SUIT

Prof. Weltner Throws Himself on the Mercy of the Court at Nevada, Mo.

SEVERAL CUBANS VISIT WASHINGTON

Manila, April 24.—Gen. Salas and his officers have surrendered, and his army will surrender immediately in Visayas. This terminates the insurrection.

It is thought, however, that the United States will be unable for some time to come to materially reduce its force in the Philippines. This is the opinion of Brigadier-General James R. Campbell, who recently returned from Manila. Gen. Campbell adds that although a large force will have little to do in the islands after civil rule has been established and there is no danger of another insurrection, it will not do to reduce the force for some time to show that the administration intends to uphold the civil authorities and to protect the people from brigands. In a year from now 25,000 soldiers will be able to garrison the entire archipelago, but at the present time it is advisable to maintain a comparatively large force.

Washington, April 24.—The Cuban constitutional convention committee is here, and is being shown over the city by General Wood.

THE WORST PART.
Cincinnati, April 24.—The river is rising slowly, but the worst is considered past.

ROBBERS NOT CAPTURED.
Memphis, April 24.—The police and detectives are hard at work after the robbers who held up a Choctaw train, but have not yet made any capture.

TO ARGUE AT FRANKFORT.
Attorney John K. Hendrick and John G. Miller left for Frankfort today to argue the case of Stewart against the Illinois Central railroad, in which they were given a judgment for \$15,000, in the last circuit court. The case was appealed.

Attorney W. A. Berry left for Morgantown today at noon on business.

LOST RAFT.

DISASTROUS ACCIDENT AT MOUTH OF CLARK'S RIVER YESTERDAY.

Yesterday afternoon late W. D. Quinn and John Tanksley, of Tennessee, were coming towards Paducah on two huge rafts.

Quinn was in front with 300 logs, and Tanksley was coming along in the rear with a still larger raft. All the logs had been sold to the Langstaff-Orme Co.

At "Plum Orchard," near the mouth of Clark's river, Quinn landed, and Tanksley's raft collided with that of the former, breaking it up and setting the logs, valued at \$500, adrift.

Most of them were saved or will be caught below, but Tanksley declined to make good the damage, and Quinn this afternoon filed suit in Justice Barber's court for \$100 damages, through Attorney W. V. Eaton.

A DAILY THOUGHT.

From the tilling of the soil to the tilling of the soul, through all arts, occupations, and professions, the man who shirks his task is the great danger. —R. P. Whipple.

If the flop-over Curious-Journal would say what it has to say about Mr. W. J. Bryan, the ex-politician, in about nine-tenths less space, it is barely possible that somebody besides the proofreader would try to fathom the profound wisdom that at intervals is retailed to its readers. If Mr. Bryan tries to wade through it, no wonder he is beginning to exhibit signs of paresis.

The miners and shippers in England threaten to suspend the coal trade of the United Kingdom by determined co-operation unless the export tax is withdrawn. In the meantime they are still shipping coal, and it is said have the promise of the chancellor of the exchequer to exempt contracts made prior to the presentation of the budget. As England has more to lose by maintaining the tax, it is probable she will yield to the demands of the shippers.

The United States supreme court has decided that one state has a right to protect itself from the importation of infectious diseases from another state, by proper regulations under its police power. This guarantees the right of one state to quarantine against another. The decision rendered was in a case where, cattle had been shipped from Plain Dealing, La., to Fort Worth, Texas. A quarantine had been declared and the cattle were returned to the shipper, who declined to receive them or the proceeds of their sale. He sued the railroad, his contention being that the quarantine regulations were an interference with interstate commerce. The lower court sustained the plaintiff and the state court of appeals reversed it. The United States court sustained the latter, holding that quarantine regulations may be enforced even to the incidental interference with commerce.

An editor at Cape Town, South Africa, is nothing if not original. He was in doubt whether or not Lord Kitchener had given orders to take no prisoners. He rubbed his pate and wrinkled his brow in a sorrowful effort to arrive at the truth, but couldn't come to any definite conclusion. Finally a bright idea struck him. He simply published the statement that Lord Kitchener had issued such orders. He knew if he was right he would have a scoop, and if not he would pretty soon find it out and know the truth—and if necessary apologize the next day. He found it out. He missed his guess and the grim warrior mounted a high horse and went after him. Apologies or retractions didn't go. The guileless editor found out what he wanted to know, but he got a year in jail for his stroke of ingenuity.

The city is to have a meat and milk inspector, and it is to the interest of the public to secure a man who is competent to fill the place. There are so many sincere among the various municipal officers, it is reasonable to suppose that the duties of meat and milk inspector could be added to those of some other office, and considerable money saved. The inspector, however, should be a thoroughly competent man and not some politician with a pull or some official protégé without any knowledge of his duties. While both doubtless do good work, the license inspector and market master have plenty of spare time, and if capable of satisfactorily filling the position either could probably discharge the duties of milk and meat inspector, without working himself to death. As yet no definite plan seems to have been formed in regard to the new office, and who is to fill it. The Sun is in favor of a good man at any cost, but if the place can be filled by any of the city officers, who have plenty of spare time, it would be to the interest of the city to thus manage it.

A contemporary in expounding advice to the Democrats of Paducah, remarks that "the people do not want any ticket foisted upon them by the gang of mercenaries who are behind the alleged Republican organization in the city." Perhaps they don't. Another thing they don't want is advice from a better. The Sun is inclined to agree that the Democrats need to put out their best men for city

offices. But they don't need to be told of it by a paper that long ago lost its standing in the party. It deserted, and of which it now arrogates to itself the right to appear as chief adviser and prophet. The Republicans will be doing business at the old stand at the proper time. After the strife, backbiting and scramble are over among the Democrats who want the various nominations, the Republicans will take a hand, and the official records of past Democratic administrations, petty squabbles and glaring extravagances, scandals, dissensions and pettifoggings, will be given due attention. It is true the Republican administration started the sewerage system, bought a street roller and reduced the tax rate, all of which was an egregious error in the eyes of the Democrats, because they don't know the value of sewerage and sanitation, have had no use for the roller because they had practically no streets to use it on since the Republicans went out of office, and like high taxes because it gives them more of the people's money to throw away. In due time, however, it will be known whether the people of Paducah desire to listen to "the gang of mercenaries who are behind the alleged Republican organization in the city," or to newspapers that are so loyal to their party that they turn down its favorite idols and fight side by side with the Republicans—until they think they see something that glitters like gold on the other side.

This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's emulsion of cod-liver oil. It sets the whole body going again—man woman and child.

HIMES IN HOCK.

HE TELLS HIS TROUBLES TO THE POLICE.

Oscar Himes, of Paducah, an amateur prize fighter, who is well known in police circles here, is in trouble at St. Louis. He was arrested on complaint of his father, Jacob Himes, for disturbing the peace.

He told the police at St. Louis that he married Annette Mosley here last May. The girl is quite well known. He claims that he married the girl after returning from service in Co. F, First California volunteers, in the Philippines.

He left Paducah two weeks ago for St. Louis and secured employment at the Lindell Hotel as a barber. He was taken home by his brother-in-law, who promised to effect a reconciliation, but his father drove him away and had him arrested. There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. For any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. STOMACHS THAT WON'T WORK

THAT RETAIN THE FOOD AND REFUSE TO DIGEST IT. MAKE THE HEAD HEAVY AND THE NERVES WEAK. NEED STUART'S DYSPEPSIA TABLETS.

There is a cure for dyspepsia. Sufferers who have tried noxious nostrums will probably be skeptical but skepticism vanishes when Stuart's Dyspepsia Tablets are tried. Whether the trouble is dyspepsia of long standing, or merely a simple case of indigestion, relief is prompt and pronounced. The less the trouble the fewer tablets need be taken.

Heaviness after eating, sour stomach, as indicated by belching, fatigue with slight exertion, or with no exertion at all, disturbed sleep, nervousness, constipation, depression, "blues," these things can commonly be set down as symptoms of dyspepsia. And dyspepsia is merely indigestion in an aggravated form.

By promoting perfect digestion, Stuart's Dyspepsia Tablets produce strong nerves, restful, refreshing sleep, pure blood and good sound healthy flesh. They make the skin clear, the eyes bright, the mind cheerful.

Stuart's Dyspepsia Tablets are a medicine and more than a medicine. They digest the food and make it easy of assimilation, and they relieve the inflamed, diseased condition of the membranes lining and the glands of the stomach and bowels. They help the digestive organs over the hard places, and put them into a healthy, active condition. They effect a quick and permanent cure. You don't have to continue taking them forever, still it is well to have a box handy and take one at the first return of the trouble.

Perfectly well people are made sick by eating too much, or unwholesome food, but not if they take a tablet after eating. Treatment with Stuart's Dyspepsia Tablets does not necessitate dieting or any change of habits. They digest the proper food and act upon the other kind in such a way as to make it pass off quickly and harmlessly. You may eat and drink what you like, when you like, and as much as you like if you take a tablet afterwards.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cents for full size package.

Send to P. A. Stuart Co., Marshall, Mich., for little book on stomach diseases, mailed free.

GIVEN UP TO DIE WITH CROUP.

Mrs. P. L. Cordier, of Mannington, Ky., writes: "My three year old girl had a severe case of croup, the doctor said she could not live and I

gave her up to die. I went to the store and got a bottle of FOLEY'S HONEY AND TAR, the first dose gave quick relief and saved her life."

J. C. Gilbert.

HEALTHY Old People

say the main thing to do is to keep the stomach, liver and bowels in order if you want to keep well and live long. Good physicians say the same thing, too. The remedy called

RIPANS TABLETS

while not mysterious or miraculous in its curative qualities, is a simple formula prescribed by the best physicians for disorders of the digestive organs. Just little Tablets, easy to take, easy to buy and quick to act. If your trouble is Dyspepsia, Biliousness, Headache, Dizziness, Constipation, Heartburn, and the like, no need of calling a physician. Ripans Tablets contain exactly what he would tell you to take. Permanent cure follows a fair trial. No uncertainty about it.

ONE GIVES RELIEF.

There is scarcely any condition of ill health that is not benefited by the occasional use of a U. S. P. A. N. Tablet, and the price, for the entire dose, does not exceed from six to eight cents, and is really very low. A family bottle containing 24 tablets is a most desirable and economical one. For full information concerning this medicine, see the enclosed circular, or write for a sample bottle.

This is gratifying, for Dr. Price's Cream Baking Powder is depended upon by millions of people to raise their daily bread.

The special requisites of a useful career upon the concert stage are natural richness of voice, backed by the highest, purest type of personal character. The Ariel Sextette possesses both in a remarkable degree. They are an ideal mixture of what Dr. Hawes calls "Music and Morals."

Their concerts always leave a sweet refrain in your ear, and a nobler ambition is given the heart. If you haven't heard them, you ought.

Home—Mr. Jackson Had a Lumber Yard Here Thirty-One Years Ago.

Mr. James W. Jackson, wife, son and daughter, of Denver, Colorado, are at the Palmer House.

Thirty-one years ago Mr. Jackson left Paducah for the west in search of health. He had a bronchial affection which the doctors said was consumption and was thought to be hopelessly ill.

He located near Denver, and in time became largely interested in a gold mine. It is said he is now a millionaire, but he was not questioned on this subject.

Mr. Jackson used to own a lumber yard up about where the iron furnace is, and remembers many of the older citizens.

He is now a large, robust man and needless to say, would never have recognized his old home town, owing to its phenomenal growth since he left it.

EXTINGUISHED.

The insulation on a feed wire running into Mr. Joe Gourieux's saloon, corner Third and Washington streets, slipped down this morning and made connection with the tin on the awning roof. A blaze started from the insulation and if it had not been discovered in time a bad fire would probably have resulted as it was in a bad place for one.

Trainmaster E. P. Russell of the Illinois Central, and Civil Engineer Crisp, have been testing the power of the class of big engines of which No. 19 is one. The test occurred all the way from Mounds to Jackson over all the grades and bridges, as well as the smoothest track.

LEAVES A FAMILY.

Mrs. J. F. Dowdy, aged 45, died at her home on the Mayfield road this morning from a complication, leaving a husband and seven children. The funeral will take place in the morning.

JOHN B. DeMOTTE SAYS.

The special requisites of a useful career upon the concert stage are natural richness of voice, backed by the highest, purest type of personal character. The Ariel Sextette possesses both in a remarkable degree. They are an ideal mixture of what Dr. Hawes calls "Music and Morals."

Their concerts always leave a sweet refrain in your ear, and a nobler ambition is given the heart. If you haven't heard them, you ought.

From New York World: Miss Gertrude Smith the Star of this most unique combination, won enviable recognition both in London and Paris, during her study there, and is one of the most pleasing sopranos on the concert stage.
